

TOOLS OF INNOVATORS

we activate innovation

Certificate of Completion

awarded to

Uwe Dingert

for successfully completing the
Design Thinking Train-the-Trainer Program

The program contained the following theoretical as well as practical curriculum:

- Getting to know the methodology in a Design Thinking Basis Training
- Bringing theory into practice by participating in a one week Design Thinking Sprint working on a real challenge
- Deepening the methodological knowledge through the TOI Train-the-Trainer Program focussing on how to transfer knowledge into the company and how to guide teams
- Mastering a Design Thinking Sprint on a real challenge as facilitator including the preparation as well as the moderation of the sprint
